The Accounting Internship Program is designed to provide a method for obtaining valuable work experience that integrates with classroom learning. It is intended to allow the student to undertake professional level challenges along with encountering an organization's corporate culture. As an incentive for students to obtain a significant internship experience, the Accounting Department offers an Internship course (ACT 487) for successful completion of a professional internship.

Internship course credit will be based upon the satisfactory completion of 45 hours per credit hour, up to 6 total credits, of relevant work experience. The accounting department highly recommends that the internship be completed during the summer between the junior and senior years. Students must have completed ACT 311 and ACT 312 in order to register for ACT 487. Students completing an internship during the summer must register prior to the beginning of the summer semester.

Registration deadlines and submission of required materials for completion of the internship follow the regular schedule for other classes. If either the completed Sponsor Evaluation or the Internship Review Paper is not received by the end of the semester, you will receive an “Incomplete” for the class.

It is expected that a student will obtain an internship position through their own efforts, and that she/he will negotiate the appropriate work expectations and salary with the internship sponsor.

**ACT 487 Requirements:**

- Have declared an accounting emphasis in the College of Business
- Have junior or better status in the College of Business (course prerequisites for ACT 487 are ACT 311 & ACT 312)
- Student and Sponsor prepare and submit an Internship Sponsor Form
- Receive approval from the Internship Coordinator
- Register for ACT 487
- Internship Sponsor designates a mentor for the intern
- Complete work experience (45 hours per registered credit hour)
- Receive a favorable post-internship evaluation from the Sponsor
- Ask the Sponsor to submit a Sponsor Evaluation to the Internship Coordinator
- Complete the Internship Review Paper

While performing an internship, the student will be under the direct supervision of the sponsoring organization and responsible to their employee guidelines for performance and conduct.
**Required ACT 487 Milestones:**

- Internship Sponsor Form (before the start of the internship)
- Sponsor Internship Evaluation (upon completion of 45 hours of employment per registered credit hour)
- Internship Review Paper that summarizes the internship experience

**Sequence of Events:**

It is expected that a student will pursue potential internship opportunities with the same techniques and professionalism needed to obtain a full time career position. Many companies now view internships as a part of their long term recruiting strategy, and the student is encouraged to approach potential sponsors with this in mind. Students should consider that this internship could be their most significant professional employment while in school and that it can be an important accomplishment for their resume. An internship may be with a one person company, or a large international corporation. The important consideration is the quality of the experience. Please note that self-employment will not be considered for internship.

There are many ways in which an internship opportunity may be obtained. Some of these resources are:

- CSU Career Management Center
- CSU Career Fairs
- CSU Student Employment Services
- Accounting Faculty
- Accounting Department Internship Coordinator
- Industry Career Fairs
- Networking with family and friends
- Internet searches
- Employment agencies

Any questions you may have regarding terms of employment, interview techniques, salary norms, etc., should be discussed with the Internship Coordinator. If you have a question as to whether an employment opportunity will be considered for internship credit, please discuss with the Internship Coordinator prior to beginning work.

Prior to commencing employment, the student and the sponsor should jointly complete the Sponsor Form. The student cannot register for ACT 487 until the Sponsor Form is submitted and approved by the Internship Coordinator. For this reason, it is important to submit the Sponsor Form early so the student can avoid any late registration fees. The form should be scanned and/or emailed [or faxed] by the Sponsor to the Internship Coordinator. If the employment is not approved by the Internship Coordinator you will be notified of the reasons via email. After approval from the Internship Coordinator, you need to sign up for ACT 487 on RAMweb. Once registered, you will be free to begin working.

Upon completion of the internship (or a minimum of 45 hours of employment per registered credit hour) the student should request the sponsor to complete the Internship Sponsor Evaluation. The evaluation should be scanned and/or emailed [or faxed] by the Sponsor to the Internship Coordinator.
Also, upon completion of the internship, the student should submit their Internship Review Paper. The review paper should be emailed to the Internship Coordinator.

Students are encouraged to submit their Internship Review Paper in a timely manner during the semester they are enrolled in the ACT 487 course. **Papers [and Sponsor Evaluations] received during finals week are not guaranteed to be reviewed, and may result in an “Incomplete” in the course, which can affect graduation requirements.** A grade will not be awarded for ACT 487 course until all requirements have been met.

Date Received: _______
This written summary of your internship experience should be presented in “memo” format and be between 2 and 5 pages in length. Both your name and email address should be included in the “from” header on the memo. The sequence of issues to be addressed is as follows:

• **Background**
  a. Name, location, and mission of sponsor company
  b. How would you rate the internship experience?
  c. Describe the interview process.
  d. Did the work location involve you moving to a new location?
  e. If “out of town”, did the company provide any housing assistance?

• **Project Description**
  a. Describe the project(s) you worked on.
  b. What were your primary responsibilities?
  c. Describe the team(s) you worked with.
  d. Describe the role of the team leader in the project(s) you worked on.
  e. How well were goals established and reviewed? On what basis was this assessment made?
  f. What type of accounting systems (including software) did you work with?
  g. Was there any travel involved?

• **Project Tools**
  a. What tools and/or knowledge did this project require?
  b. How prepared did you feel with these tools?
  c. If you worked with a new tool how did you learn it?
  d. Were you offered to attend any company training or seminars – what topics?

• **Corporate Culture**
  a. Describe the “corporate culture” of the sponsor as you perceived it.
  b. Would you consider working with this company full time – why or why not?
  c. Would you recommend this company to other interns – why or why not?
  d. What was the most important lesson(s) you learned about engaging in “real world” projects?
  e. What was your favorite part of the internship experience – least favorite?

• **Suggestions**
  a. Do you have any suggestions on how the internship experience could be improved?

The intern should email the review paper to the Internship Coordinator at Kristen.Reilly@business.colostate.edu
