

Career Management Center

Endowed Career Management Center - \$5 Million

As a premier benefit serving the unique needs of business students, the Career Management Center (CMC) in the College of Business offers world-class, lifelong career services to students and alumni of the College. The highly credentialed staff of career professionals in the CMC provide guidance and resources to excel in the business world, empowering students to define and implement their career choices in addition to connecting them with opportunities that will allow them to positively impact society through their work, career, and life pursuits. Along with supporting both undergraduate and graduate students in the College of Business, the CMC provides career coaching to our alumni network looking to advance and/or pivot in their careers. From career-focused workshops and events to individualized career counseling and coaching sessions, the College of Business Career Management Center inspires and empowers engagement in the lifelong career journey. An investment in the Career Management Center would ensure the success and sustainability of a crucial component to the remarkable opportunities our students are exposed to and the positive outcomes they achieve.

COLLEGE OF BUSINESS
COLORADO STATE UNIVERSITY

Internship Experience Fund - \$2 Million

Awards students with a stipend to pursue a secured, unpaid internship experience with a nonprofit organization, government agency, or small business that would otherwise go unpaid. These types of signature experiences have a direct impact on successful job placement rates for our students.

Professional Mentoring Program - \$1 Million

Provides an opportunity for industry professionals to be paired with students to aid them in their personal and professional development journeys. The program supports state-of-the-art software and a coordinator who drives recruitment and implements events.

Professional Development Fund - \$250,000

Provides awards to students who face a lack of financial resources to purchase professional business attire, allowing them to compete favorably and confidently during interviews and networking events or to support travel/housing needs for internship and job opportunities.

Mock Interview Program - \$250,000

Gives crucial exposure and practice to students in preparation for the interviewing process. The program supports a staff of specialists who conduct mock interviews with students in addition to technology for recording and space to conduct the interviews.

Industry Engagement & Outreach Fund - \$250,000

Provides students with awards to secure involvement in industry-related conferences, professional organizations, and certifications outside the academic curriculum. Exposure to these types of experiences increases students' marketability and opportunities for building an influential social network, removing barriers for students who lack access to industry connections.

“The Career Management Center is devoted to student and alumni success from the moment students step onto our campus, guiding them through their career decision-making process, as they step into their first career, and over the course of their lifelong career journey. Our staff in the CMC strives to empower business students to fully engage in the career development process and gain the career management skills they can leverage long beyond graduation.”

- Andrea Karapas, Director - College of Business Career Management Center
