

Undergraduate Appeal for Admission

Entrance Requirements

Admission to the College of Business is competitive; to declare a major in Business Administration students must meet the following entrance requirements:

- 3.0 cumulative GPA on a minimum of 15 graded credits, completed at CSU
- Three equivalent course credits from the following list with grades of C- or higher in each course completed: MATH117, MATH118, MATH120, MATH124, MATH125, MATH126, MATH141 or a higher-level calculus course
- Completion of ECON202 or AREC202 with a grade of "B-" or higher

The College of Business at Colorado State University (CSU) understands that circumstances beyond one's control do occur. The appeal process allows students who do not meet the College of Business entrance requirements to request an appeal for admission, due to **extenuating** circumstances. Such circumstances may include but are not limited to:

- Death of an individual close to you
- Serious medical or emotional challenge
- Military deployment

The following examples do not qualify as extenuating circumstances; please do not submit an appeal if the following circumstances apply:

- You exercised poor judgement and/or poor time management skills
- You lacked knowledge regarding University policies and procedures
- You were not aware of or you failed to utilize University resources
- Your extracurricular responsibilities changed (e.g. you worked increased hours, assumed additional projects/duties, etc.)

Eligible Students

Only continuing undergraduate CSU students are eligible to submit an appeal for admission. Graduate students and incoming CSU students (including incoming first-year students and external transfer students) are ineligible to submit an appeal for admission.
